

CORPORATE PROGRAMS

The top priority of our corporate clinics is to build your team and clients' relationship through the enjoyment of golf. Business is built upon solid relationships. The ability to manage these relationships with clients, suppliers or employees ultimately determines your level of success. Together, we will customize a unique and fun event to achieve your goals.

Team Building

Break the mold, think out of the box, and come and enjoy a day of fun filled team building activities to enhance relationships within your organization and build morale. From only \$25 per person / per hour your co-workers will enjoy a day of fun and camaraderie! Team Building activities may range from 1 to 3 hours in length with the following options: Maximum of 24 people.

—**Golf Instruction:** Our PGA Instructors will teach you the fundamentals of the golf swing.

—**Putting Contest:** Play a Scramble format or Alternate Shot format on our putting green with challenging holes designed by our professional staff.

—**Closest to the Pin:** Closest to the target is the winner.

—**Bunker Shot:** Hit shots from our practice bunker to a flag, see who can get the closest.

—**Chip, Pitch & Putt:** Just like the Punt, Pass and Kick contests when you were a kid. Points will be accumulated by hitting specified targets for point values.

Corporate Clinic

It's our intention that this One Day Corporate Package will make a profound difference in your company's team performance. Formats include Course management, putting, chipping/pitching, bunker play, full-swing, and pre-swing that includes grip, aim, and set-up. 6:1 student to teacher ratio with a maximum of 24 students.

THE GOLF ACADEMY

The Golf Academy features a large grass tee, an excellent practice putting green and a separate bunker complex to allow players to work on any aspect of their game. The building features two large indoor hitting stations where lessons can continue in any type of weather at any time of the year, so that there truly is no offseason. Two large bay doors open to allow players to hit shots up to 300 yards to a variety of targets. The Academy also features state of the art video cameras, a launch monitor, pressure tracing system and a multitude of training aids.

LAUNCH MONITOR TECHNOLOGY

Flight Scope X2

Representing the state of the art in golf measurement technology.

Our advanced ballistic flight analysis software displays the tracked golf ball throughout its entire trajectory including all golf swing data through and after impact.

V1 GOLF BRANDED ACADEMY

V1 Pro is the #1 video swing analysis system in golf. From local golf pros to top PGA instructors, thousands of golfers' swings are analyzed and improved each year using V1 Pro. Through our partnership with the PGA of America, V1 Pro has become the most preferred swing analysis system of America's Top 100 Golf Instructors as well as the world's best tour players, golf courses, and academies.

BODITRAK SPORTS PRESSURE MAPPING

BodiTrak is a versatile and portable weight distribution and balance mat. It uses patented smart fabric technology and proprietary software to track a player's weight distribution and center of pressure throughout the golf swing. The mat records data in real time and the software displays a suite of analytics, including:

- Foot Pressure Map
- Center of Pressure Trace
- Transfer Velocity Graph
- Proprietary "Golf Number" Swing Scoring System

ON COURSE PLAYING LESSONS

We believe it is vital to spend time where the game is played, on the golf course. So often students try to learn the entire game on the range only. Director of Instruction, Brian Moose will take you out on the golf course, where you will learn from situations that can't be taught on the range. The 3 hour lesson includes meeting an hour before tee time to warm-up properly, on-course instruction and follow-up suggestions. Tee times will be posted in future emails. To sign up contact Brian directly. Cost: \$90
